Description

The International Fund for Agricultural Development (IFAD) is an international financial institution and a specialized United Nations agency dedicated to eradicating rural poverty and hunger. It does so by investing in rural people. IFAD finances programmes and projects that increase agricultural productivity and raise rural incomes, and advocates at the local, national and international level for policies that contribute to rural transformation.

The Programme Management Department (PMD), under the leadership of an Associate Vice-President, is responsible for the overall programme of loans and grants of the Fund and is composed of five (5) regional divisions and the Operational Policy and Results Division (OPR).

Country Directors work under the strategic management, policy guidance, and direct supervision of the relevant Division Director. They also receive first-level operational support from the Country Director/Head of IFAD Multi-Country Office (CD/Head of MCO), or assigned Country Director at a senior level.

The position is located in ESA division and covers the country portfolio of Botswana, Lesotho and Zambia. Portfolio and countries of responsibility might be subject to adjustments/changes according to business needs.

Job Role

The Country Director is accountable for the IFAD core values of integrity, transparency, and equity in the management of the assigned portfolio. Accountabilities/key results of the Country Director include advocating for and enhancing national government programmes that improve poor rural people's access to natural resources, agricultural technologies, financial services, markets, employment opportunities, and enterprise development.

The Country Director also promotes capacity building of key government counterparts and the rural poor in terms of the skills required for their participation in national and local policy and programming processes.

The Country Director plays an active role in engaging with the private sector and other local stakeholders.

Responsibilities

1. COUNTRY STRATEGY MANAGEMENT: The Country Director leads strategic positioning and country strategy development. S/he is accountable for leading and managing the development and implementation of medium to longer-term strategies (COSOP) for IFAD's collaboration with governments and other national stakeholders for agricultural development and rural poverty reduction following the principle of ownership, alignment and harmonization. This entails analysis of the dynamics of agricultural development and rural poverty reduction, the development of relevant country-specific strategies, and the definition of IFAD's value added in

Country Director – South Africa

this context.

2. COUNTRY PROGRAMME MANAGEMENT: The Country Director manages IFAD programme and related IFAD-funded projects within the portfolio assigned by the Division Director. S/he leads the design and supervision of the projects as well as loan and grant negotiations, all in accordance with IFAD's applicable policies. The Country Director is accountable for analysing relevant information, assisting in the periodic monitoring and evaluation of results achieved and reporting on and disseminating findings. S/he contributes effectively to the IFAD organizational change agenda, with reference to issues related to IFAD's direct supervision and implementation support modalities.

3. INSTITUTIONAL REPRESENTATION AND PARTNERSHIP MANAGEMENT: The Country Director ensures IFAD presence at country-level. S/he contributes to catalysing effective partnerships with a broad range of stakeholders in agricultural development and rural poverty reduction, including government and non-governmental institutions, bilateral and multilateral financing institutions, civil society organizations, research centres and the private sector. Additionally, s/he enhances IFAD's relationships and collaboration with in-country partners focusing on synergies and coordinated strategies with multilateral/bilateral donors and civil-society organizations involved in agricultural development and rural poverty reduction. S/he represents IFAD on the UN Country Team, acting as the primary point of contact for transmitting IFAD's decisions, provides support in the coordination of operational activities for development, and contributes to all international and national/thematic groups meetings.

4. CONTRIBUTION TO POLICY LEADERSHIP: The Country Director contributes to corporate level strategy on core IFAD policy positions within the assigned portfolio, led by Division Directors. S/he maintains and promotes constructive dialogue on the development of pro-poor agricultural development and rural poverty reduction policies and in enabling the rural poor to advocate for institutional transformation. S/he regularly participates in relevant policy meetings and events of interest to IFAD's target groups and which involve the government, donors, and civil society, including NGOs, to render the policy dialogue agenda both credible and sustainable. S/he contributes to IFAD's policy intelligence with regular updates and information exchange on relevant policy discussions and ensure proper knowledge management is in place. Policy dialogue focuses on seeking to link the realities on the ground and the voices of the poor with national policies and programmes.

5. OFFICE MANAGEMENT: The Country Director supports the relevant CD/Head of MCO in managing the utilization of allocated resources. As such, s/he supports the management of human resources, contracting goods and services, and financial management. S/he also supports budget preparation, management, and monitoring of expenditures.

Position specific:

- The Country Director supervises the Country Programme Officer and Programme Assistant, Driver for the IFAD Zambia assigned to the ICO, and supports supervision as well as oversight of a portfolio of US\$ 200 million and a Regional operation financed by the Adaptation Fund currently under design. The projects include a livestock and rural financial inclusion project.
- The Country Director will also oversee and supervise the IFAD financed portfolio in Lesotho which is valued at US\$300 million with blend finance from GCF, GEF and WBG. Operations include SAPP II, Regeneration Landscape and Livelihood Project (ROLL); and Wool and Mohair WAMP-CO. The portfolio will also need to report on GAFSP project that has been

mobilized for the portfolio.

- The Country Director is involved in country strategic policy engagement in collaboration with external stakeholders, such as UNCT, USAID, NORAD, JICA, WBG, AfDB, EU, EIB and OFID. Key participation in the Agriculture Sector Working group and related for a in both Lesotho and Zambia in engagement with the ministry of Agriculture and Environment.

Key Performance Indicators

The Country Director provides technical and managerial leadership to the substantive development and execution of the assigned country programme(s), including providing:

- day-to-day managerial direction to Programme Analysts and Officers (up to P-3 level), Country Programme Officers (CPOs), Country Programme Assistants (CPAs) and Administrative Assistants (AAs);
- effective country presence and representation with government counterparts and other programme collaborators; and
- the ability to anticipate and manage potential risks to programme success.

Position specific:

- The Country Director supervises the Country Program Officer and Program Assistant, Driver for the IFAD Zambia assigned to the ICO. The CD will implement the performance management cycle and also engage actively in the UNCT
- In the Lesotho IFAD financed portfolio, the Country director will lead a liaison consultant as well as a team of consultants (Technical Experts). CD active participation in the UNCT will also be expected.

Working Relationships

COMMUNICATIONS: The Country Director serves as the IFAD spokesperson in the country concerned and, in carrying out this role and when required, draws on the advice and expertise of IFAD's Communications Division (COM). The Country Director holds regular consultations with IFAD counterparts – line ministries and governmental bodies at all administrative levels, donors, civil society organizations – to enhance the effectiveness and impact of IFAD operations. The Country Director also seeks to improve coordination among IFAD, the government and key

development partners with a view primarily to ensuring synergy and a common approach to emerging agricultural development and rural poverty reduction strategies, policies and investment programmes. S/he serves as IFAD's liaison with project authorities and helps address administrative and programme-related substantive issues, such as targeting and identifying needs for technical backstopping. The Country Director proactively works with project management to ensure compliance with IFAD policies and overall orientation towards the achievement of results and impact. As a senior expert on country programme formulation and delivery, the effectiveness of the Country Director as an advocate and trusted counterpart substantially affects IFAD's image as a reliable and creative partner.

The Country Director originates and manages new country-level projects or programmes in the assigned portfolio. Going beyond established procedures or models, their substantive contributions reflect new approaches that materially expand the range of services or programmes delivered at the country level. Programme design and development activities reflect authoritative technical capacity in performing the Head of Country Programme role.

Externally, the impact on the overall IFAD programme is significant in projecting the organization's role/capacity as a reliable partner with a qualitative edge at the national level.
