## Description

### Why Join WFP?

The United Nations World Food Programme is the world's largest humanitarian agency fighting hunger worldwide and the **2020 Nobel Peace Prize Laureate**. The mission of WFP is to help the world achieve **Zero Hunger** in our lifetimes.

**This position is open to qualified Somali candidates. Female candidates, in particular, are encouraged to apply.**

### Job Purpose:

To provide effective specialized support and technical analyses to policy and programme activities that effectively meet food assistance needs.

## Responsibilities

- Coordinate with implementing partners and actively monitor progress and performance of food system project activities including training of farmers, post-harvest handling support, productive asset creation (water dams/pans, borehole or shallow well, market linkage assistance, among others) to ensure deadlines and targets are met.
- Provide supervision and support for the Training of Trainers on post-harvest loss reduction and access to markets.
- Participate in developing and reviewing of social and behavior change communication messages.
- Engage with target smallholder farmers, producer groups, and agro-dealers regularly to identify food systems needs, possible solutions, anticipate challenges and ensure smooth communication.
- Foster relationships and communication with relevant stakeholders/mechanisms, such as other cooperating partners, Food security cluster coordination mechanisms, relevant government line ministries, NGOs, civil
