Description

About SunCulture

Founded in 2012, SunCulture's vision is to build a world where people take control of their environment in rewarding and sustainable ways. SunCulture does this by developing and commercializing life-changing technology that solves the biggest daily challenges for the world's 570 million smallholder farming households. Over the last 5 years, the company has grown significantly and now employs 100+ people around the world.

About the Role

Reporting to the Regional Sales Manager with a dotted reporting line to the Fleet Operations Manager, the Service Center Associates will manage our Service Centers. The key role will be good customer service to all customers that come to the service center, sales conversion, stock management, troubleshooting, and escalating all aftersale issues reported by the customers through the service centers. 50% of the role expectation is highly centered around sales with overall support for the shop operations and general management.

Responsibilities

Customer Service

- Maintaining a positive, empathetic, and professional attitude towards customers at all times.
- High-level knowledge of all SunCulture products with the ability to address all questions asked by customers
- Acknowledging and resolving customer complaints within stipulated SLAs.
- Communicating with customers through various channels and responding promptly to customer inquiries.
- Analyze trends to create solutions to ensure customer service needs, business goals, and objectives are met or exceeded.
- Ensure service center operational standards are adhered to.
- Be the lead in monitoring and maintaining the required stock levels at the service center by conducting regular stock takes and ensuring a majority of components needed by the team/customers are available at the service centers.
- Promote the SunCulture brand by ensuring the service center is kept clean and tidy at all times noting the operation hours of the Sales and Service Centers are 9am to 5pm Monday to Friday and 8am to 12pm on Saturday.
- Assist in sales/after sales requests placed by various customers and team members.
- Follow up on customer issues to resolution by following the stipulated aftersales escalation process.

Aftersale

- Ensure all aftersale issues are raised via a ticket and track records of customer interactions, comments, complaints, and aftersale issues.
- Providing feedback to all customers in reference to their queries and aftersale issues.
- Troubleshoot all aftersale issues, resolve non-technical issues, and escalate to the aftersale product team any issue not resolved at the service center level.
